Decisiveness: the ability to desert your entire previous life—including well-salaried office job, attractive girlfriend, and basic sanity for less than minimum wage

Split/Vision - John Wilbur 2004-06

Split/Vision is John Wilbur's Vietnamese experience. A former U.S. Navy SEAL, he served eighteen months in Vietnam at the height of the war years (1967-68) where he fought and fighting and lived among the Vietnamese of the Mekong Delta that became like home. 32 years later he returns alone as a tourist. After a jarring start arriving at "Ho Chi Minh" City, he encounters a split-vision in discovering a new and different country while searching for the old. In his travels, Wilbur's

narration reveals an internal journey that moves rhythmically between the now and then. Drawn back to the Mekong, he muses over its ancient river and rice culture, recalls the dark nights hunting for the VC along the great brown rivers, living through the TET Offensive, a fight to near death, promises broken, redemption and renewal among the irresistible humanity of a people torn by war and decades of oppression. The discovery of the North, the surprise of Hanoi, chance encounters and unusual coincidences create a vivid and vibrant montage. Delving into the nation's complex, social, cultural and political history, Wilbur's journey makes you understand the country's bitter past, struggling present and hopeful future.

The Routledge Companion to Travel Writing - Carl Thompson 2015-12-22

As many places around the world confront issues of globalization, migration and postcoloniality, travel writing has become a serious genre of study, reflecting some of the greatest concerns of our time.

Encompassing forms as diverse as field journals, investigative reports, guidebooks, memoirs, comic sketches and lyrical reveries; travel writing is now a crucial focus for discussion across many subjects within the humanities and social sciences. An ideal starting point for beginners, but also offering new perspectives for those familiar with the field, *The Routledge Companion to Travel Writing* examines: Key debates within the field, including postcolonial studies, gender, sexuality and visual culture Historical and cultural contexts, tracing the evolution of travel writing across time and over cultures Different styles, modes and themes of travel writing, from pilgrimage to tourism Imagined geographies, and the relationship between travel writing and the social, ideological and occasionally fictional constructs through which we view the different regions of the world. Covering all of the major topics and debates, this is an essential overview of the field, which will also encourage new and exciting directions for study.
