Batman: Arkham Knight Vol. 3 - Peter J. Tomasi 2016-07-12

The Joker is dead. Arkham City is no more. But as Batman has learned, evil is endless. And his new enemy, the mysterious, murderous Arkham Knight, is here to see the Dark Knight fall forever. And he is not alone. The crazed criminal called the Calendar Man is out to make each day Batman's last. The brutal killer known as Bane wants to prove himself a more powerful warrior than any Knight. And in the shadows lurks the Scarecrow, whose sinister plans for Gotham City and its guardians are the most frightening of all. Defeating the Arkham Knight and his army will take every ounce of Batman's skills and strength. Because under his rival's helmet is a familiar face, one that should strike terror even into the heart of the Dark Knight himself. Writers Peter J. Tomasi (BATMAN AND ROBIN) and Tim Seeley (GRAYSON) and an arsenal of top artists

including Viktor Bogdanovic (REALITY CHECK), Ig Guara (BLUE BEETLE), Julio Ferreira (TEEN TITANS) and Richard Friend (BATMAN: THE DARK KNIGHT) proudly present BATMAN: ARKHAM KNIGHT VOL. 3, the shocking finale of the official prequel to Rocksteady Studios' smash-hit Arkham trilogy! Superhero Synergies - James N. Gilmore 2014-03-06

In the age of digital media, superheroes are no longer confined to comic books and graphic novels. Their stories are now featured in films, video games, digital comics, television programs, and more. In a single year alone, films featuring Batman, Spider-Man, and the Avengers have appeared on the big screen. Popular media no longer exists in isolation, but converges into complex multidimensional entities. As a result, traditional ideas about the relationship between varying media have come under striking revision. Although this convergence is apparent in many genres, perhaps nowhere is it more persistent, more creative, or

more varied than in the superhero genre. *Superhero Synergies: Comic Book Characters Go Digital* explores this developing relationship between superheroes and various forms of media, examining how the superhero genre, which was once limited primarily to a single medium, has been developed into so many more. Essays in this volume engage with several of the most iconic heroes—including Batman, Hulk, and Iron Man—through a variety of academic disciplines such as industry studies, gender studies, and aesthetic analysis to develop an expansive view of the genre's potency. The contributors to this volume engage cinema, comics, video games, and even live stage shows to instill readers with new ways of looking at, thinking about, and experiencing some of contemporary media's most popular texts. This unique approach to the examination of digital media and superhero studies provides new and valuable readings of well-known texts and practices. Intended for both academics and fans of the superhero genre, this anthology introduces the innovative and growing synergy between traditional comic books and digital media.

Comics and Videogames - Andreas Rauscher 2020-10-19

This book offers the first comprehensive study of the many interfaces shaping the relationship between comics and videogames. It combines in-depth conceptual reflection with a rich selection of paradigmatic case studies from contemporary media culture. The editors have gathered a distinguished group of international scholars working at the interstices of comics studies and game studies to explore two interrelated areas of inquiry: The first part of the book focuses on hybrid medialities and experimental aesthetics "between" comics and videogames; the second part zooms in on how comics and videogames function as transmedia

expansions within an increasingly convergent and participatory media culture. The individual chapters address synergies and intersections between comics and videogames via a diverse set of case studies ranging from independent and experimental projects via popular franchises from the corporate worlds of DC and Marvel to the more playful forms of media mix prominent in Japan. Offering an innovative intervention into a number of salient issues in current media culture, Comics and Videogames will be of interest to scholars and students of comics studies, game studies, popular culture studies, transmedia studies, and visual culture studies.
