Peace & Submission - Muḥammad Ṭāhirulqādrī 2011

Peace and Submission is part of the "Teachings of Islam Series" compiled from the works and lectures of Shaykh-ul-Islam Dr Muhammad Tahir-ul-Qadri. These books provide readers with both a general overview and where needed, some in depth information and guidance on basics of Islam.

Treblinka - Chil Rajchman 2013-11-05

Chil Rajchman, a Polish Jew, was arrested with his younger sister in 1942 and sent to Treblinka, a death camp where more than 750,000 were murdered before it was abandoned by German soldiers. His sister was sent to the gas chambers, but Rajchman escaped execution, working for ten months under incessant threats and beatings as a barber, a clothes-sorter, a corpse-carrier, a puller of teeth from those same bodies. In August 1943, there was an uprising at the camp, and Rajchman was among the handful of men who managed to escape. In 1945, he set down this account, a plain, unembellished and exact record of the raw horror he endured every day. This unique testimony, which has remained in the sole possession of his family ever since, has never before been published in English. For its description of unspeakably cruelty, Treblinka is a memoir that will not be superseded. In addition to Rajchman's account, this volume will include the complete text of Vasily Grossman's "The Hell of Treblinka," one of the first descriptions of a Nazi extermination camp; a powerful and harrowing piece of journalism written only weeks after the camp was dissolved.

Production Kubernetes - Josh Rosso 2021-03-16

Kubernetes has become the dominant container orchestrator, but many organizations that have recently adopted this system are still struggling to run actual production workloads. In this practical book, four software engineers from VMware bring their shared experiences running Kubernetes in production and provide insight on key challenges and best practices. The brilliance of Kubernetes is how configurable and extensible the system is, from pluggable runtimes to storage integrations. For platform engineers, software developers, infosec, network engineers, storage engineers, and others, this book examines how the path to success with Kubernetes involves a variety of technology, pattern, and abstraction considerations. With this book, you will: Understand what the path to production looks like when using Kubernetes Examine where gaps exist in your current Kubernetes strategy Learn Kubernetes's essential building blocks--and their trade-offs Understand what's involved in making Kubernetes a viable location for applications Learn better ways to navigate the cloud native landscape

Mars Evacuees - Sophia McDougall 2015-02-17

From bestselling UK author Sophia McDougall comes one fresh and funny adventure-filled tween debut about a group of kids evacuated to Mars! Perfect for fans of Artemis Fowl, this laugh-out-loud series is packed with nonstop fun. When Earth comes under attack by aliens, hilarious heroine Alice Dare and a select group of kids are sent to Mars. But things get very strange when the adults disappear into thin air, the kids face down an alien named Thsaaa, and Alice and her friends must save the galaxy! For when plucky twelve-year-old Alice Dare learns she's being taken out of the Muckling Abbott School for Girls and sent to another planet, no one knows what to expect. This is one wild ride that will have kids chuckling the whole way through.

The Blood of the Spear - Mark Timmony 2021-05-10

Two brothers. One prophecy. A world in peril. When Kaiel loses his chance to become part of the legendary Daemon Hunters, joining the Bronze Guard mercenaries seems like the logical alternative. It is an opportunity to put his training to use and, more importantly, as the company is currently in the employ of Prince Alesandr, it will allow him to keep an eye on his younger brother, Darien, who's determined to follow his dream of becoming a Ciralys magic-user. But the broken continent of Athmay still bears the scars of the war between the Summoners some three-thousand years ago, and an unexpected battle with a daemon - a remnant of that ancient war - reveals the brothers' connection to a forbidden bloodline. Soon they find themselves on the run from the prince, daemonic hordes, and a prophecy that could break the world anew.

Islam on Mercy and Compassion - Muḥammad Ṭāhirulqādrī 2014-05-01

The common perception of Islam in the media is one of austerity and rigidity, and in extreme cases, severe cruelty. The situation is not helped by the strict and narrow-minded interpretation of the religion by a number its adherents. However, those who are willing to scratch below the surface and look further will see that nothing is further from the truth; that Islam does not teach anything except universal love, mercy, compassion, peace & benevolence. Dr Muhammad Tahir-ul-Qadri is an eminent and internationally renowned Islamic scholar, orator and author. In this book, he presents numerous quotations from the Qur'an and authentic hadith to help the reader discover the prime position of the qualities of mercy and compassion in the Islamic faith. Dr Tahir-ul-Qadri has meticulously referenced all quotations to ensure accuracy and clarity in order to dispel any doubts about the matter. Through his distinctive solid scholarship and methodology, Dr Tahir-ul-Qadri demonstrates how Islam promotes spiritual endeavour, moderation, ease and tolerance, and is not merely concerned with ritualism and outward forms of piety. For Muslims, this book is essential reading to help reclaim Islam back from those who portray it as merely a socio-political enterprise devoid of compassion for humanity and the rest of creation. Non-Muslims, on the other hand, will be able to appreciate these lesser known aspects of Islam, which in fact form its core philosophy.

St Petersburg - Solomon Volkov 2010-06-15

The definitive cultural biography of the "Venice of the North" and its transcendent artistic and spiritual legacy, written by Russian emerge and acclaimed cultural historian, Solomon Volkov. Long considered to be the mad dream of an imperious autocrat—the "Venice of the North," conceived in a setting of malarial swamps—St. Petersburg was built in 1703 by Peter the Great as Russia's gateway to the West. For almost 300 years this splendid city has survived the most extreme attempts of man and nature to extinguish it, from flood, famine, and disease to civil war, Stalinist purges, and the epic 900-day siege by Hitler's armies. It has even been renamed twice, and became St. Petersburg again only in 1991. Yet not only has it retained its special, almost mystical identity as the schizophrenic soul of modern Russia, but it remains one of the most beautiful and alluring cities in the world. Now Solomon Volkov, a Russian emigre and acclaimed cultural historian, has written the definitive cultural biography of this city and its transcendent artistic and spiritual legacy. For Pushkin, Gogol, and Dostoyevsky, Petersburg was a spectral city that symbolized the near-apocalyptic conflicts of imperial Russia. As the monarchy declined, allowing intellectuals and artists to flourish, Petersburg became a center of avant-garde experiment and flamboyant bohemian challenge to the dominating power of the state, first czarist and then communist. The names of the Russian modern masters

who found expression in St. Petersburg still resonate powerfully in every field of art: in music, Stravinsky, Prokofiev, and Shostakovich; in literature, Akhmatova, Blok, Mandelstam, Nabokov, and Brodsky; in dance, Diaghilev, Nijinsky, and Balanchine; in theater, Meyerhold; in painting, Chagall and Malevich; and many

others, whose works are now part of the permanent fabric of Western civilization. Yet no comprehensive portrait of this thriving distinctive, and highly influential cosmopolitan culture, and the city that inspired it, has previously been attempted.
