But then Izumi discovers a clue to her previously unknown father's identity . . . and he's none other than the Crown Prince of Japan. Which means outspoken, irreverent, can-burp-the-alphabet Izzy is literally a princess. Soon she's traveling overseas to meet the father she never knew and discover the country she's only dreamed of. But being a princess isn't all ball gowns and tiaras. There are conniving cousins, a hungry press, a scowling but handsome bodyguard who just might be her soulmate, and thousands of years of tradition and customs to learn practically overnight. Izzy soon finds herself caught between worlds, and between versions of herself—back home, she was never "American" enough, and in Japan, she must prove she's "Japanese" enough. Will Izumi crumble under the weight of the crown, or will she live out her fairytale, happily ever after?

From one of America's most popular short story writers and an Academy Award nominee: the O. Henry Award-winning tale that inspired the movie *The Hunt*. A subject of mysterious rumors and superstition, the deserted Caribbean Island was shrouded in an air of peril. To Sanger Rainsford, who fell off a yacht and washed up on its shores, the abandoned isle was a welcome

paradise. But unknown to the big-game hunter, a predator lurked in its lush jungles—one more dangerous than any he had ever encountered: a human. First published in 1924, this suspenseful tale “has inspired serial killers, films and stirred controversy in schools. A century on, the story continues to thrill” (The Telegraph). “[A] tense, relentless story of man-against-man adventure, in which the hunter Sanger Rainsford learns, at the hands of General Zaroff, what it means to be hunted.” —Criterion

Lisa Thompson's debut novel is a page-turning mystery with an emotionally-driven, complex character study at its core -- like *Rear Window* meets *The Curious Incident of the Dog in the Night-Time*. Matthew Corbin suffers from severe obsessive-compulsive disorder. He hasn't been to school in weeks. His hands are cracked and bleeding from cleaning. He refuses to leave his bedroom. To pass the time, he observes his neighbors from his bedroom window, making mundane notes about their habits as they bustle about the cul-de-sac. When a toddler staying next door goes missing, it becomes apparent that Matthew was the last person to see him alive. Suddenly, Matthew finds himself at the center of a high-stakes mystery, and every one of his neighbors is a suspect. Matthew is the key to figuring out what happened and potentially saving a child's life... but is he able to do so if it means exposing his own secrets, and stepping out from the safety of his home?

"While the family may continue to change into models that bring discomfort and angst to some of us, we rest in the assurance that God has a plan for those who live in any of these new configurations of what we now call family," explains Anthony.
